

## **Carbon RX Expands Its Marketing Reach with New Agreement Targeted at Asia**

**Regina, SK** – January 30, 2024 – Carbon RX Inc. (“Carbon RX”), an expert in the origination and streaming of voluntary carbon credits, is pleased to announce a new Marketing Agreement with Grand Light Holding Limited (“Grand Light”), a Singapore based company. This strategic partnership is a key step in Carbon RX's expansion, allowing the company to extend its presence into emerging Asian markets, specifically Singapore, Taiwan, China, and Hongkong.

This Agreement will take advantage of increasing trends towards net-zero commitments in Asia. Approximately 30% of companies in the Asia-Pacific region are committed to net-zero targets (ISS ESG, 2024). This shift underscores a vital acknowledgment for a shift to emission reduction, in accordance with global climate objectives.

Marty Seymour, CEO of Carbon RX, expressed his enthusiasm about the new Agreement: "Our partnership with Grand Light broadens our accessibility to emerging markets. Asian manufacturers have a growing desire to be net-zero to support their international business interests. This deal gains Carbon RX local access through a trusted source."

Mr. Jack Yao, from Grand Light adds, "Canadian based carbon credits are viewed very positively in our local market due to the high integrity of Canadian operators. The demand for the Carbon RX credits from First Nations projects is a unique and desired offering for our clients in the region."

The agreement positions Grand Light as Carbon RX's non-exclusive marketing agent for carbon credits for a 12-month period beginning January 31, 2024.

### **About Carbon RX**

Headquartered on Treaty 4 Territory in Regina, SK, Carbon RX specializes in the origination and streaming of carbon credits. Backed by a team of agriculture, forestry, and hydrocarbon experts, Carbon RX provides high-fidelity carbon credits to the voluntary carbon market, ultimately aiding Canada in the race to net-zero emissions.
